Interim Report for Accredited Institutions

This Interim Report records the Institution's progress toward addressing conditions and recommendations identified by the External Review Panel. It also reports the Institution's performance on the KPIs and other related aspects. The NCAAA examines the reports and provides - if necessary – notations and recommendations. It is the Institution's responsibility to take NCAAA feedback on the levels of achievement into consideration.

1.1 Substantive changes to the Institution (if any):

List any substantive changes that have occurred in the Institution since accreditation in critical areas (e.g., governance, management, student enrolment, establishment of new programs, resources, facilities, etc.) that may potentially impact the overall quality or effectiveness of the Institution or its programs.

Note: The presentation of substantive changes does not imply approval by NCAAA. Therefore, the Institution must report on substantive changes using (TP-113) form to maintain compliance with NCAAA policies and procedures.

Area	Change*	NCAAA Response (if needed)

*Attach evidence as appropriate.

1.2 The level of achievement in addressing the conditions stated in the accreditation review report (if any).

Note: The presentation of accreditation conditions does not imply revoking the Institution's conditions by the NCAAA. Therefore, the Institution must submit a report for observing the conditions using (TI-111) form to maintain compliance with NCAAA policies and procedures.

No.	Condition*	Institution Response**		NCAAA Response (NCAAA Use Only)	
		Progress Status	Actions undertaken by the Institution to address the Condition***	Progress Status	Comments for Institution
