

## Consistency with Specialized Academic Standards

<b>Institution:</b> Institution
<b>College:</b> College
<b>Qualification awarded</b> (according to Graduation Certificate): Qualification Title

The Specialized Academic Standards, developed by ETEC under the title "Key Learning Outcomes," are for specific disciplines in cooperation and coordination with different entities in the field and with the involvement of various stakeholders from academia, the private sector and government bodies. The standards contribute to setting the minimum learning outcomes requirements and curriculum requirements of specific disciplines for undergraduate programs to assure their academic quality and ability to produce highly qualified graduates with the knowledge and skills required by the market and the national needs, in line with best practices and academic requirements.

This form is for the alignment of bachelor's degrees.
