

## Consistency with Specialized Academic Standards

**Institution:** Institution

**College:** College

**Qualification awarded** (according to Graduation Certificate): Qualification Title

The Specialized Academic Standards, developed by ETEC under the title "Key Learning Outcomes," are for specific disciplines in cooperation and coordination with different entities in the field and with the involvement of various stakeholders from government bodies, the private sector, and academia. The standards contribute to setting the minimum curriculum requirements of specific disciplines for undergraduate programs to assure their academic quality and ability to produce highly qualified graduates with the knowledge and skills required by the market and the national needs, in line with best practices and academic requirements.

This form is for the alignment of bachelor's degrees.

## I. Qualification Information

<b>Institution:</b>			
<b>College:</b>			
<b>Program Qualification</b> (according to the Graduation Certificate)			
<b>Broad field name</b> (According to Saudi Standard Classification of Educational Levels and Specializations)	<b>Generic Programs and Qualifications</b>		
<b>Specialization Name</b> (according to the Saudi Standard Classification of Educational Levels and Specializations)		<b>Code</b>	
<b>Title of the Specialized Academic Standards*</b>			
<b>Major track/pathway (if any)</b>			

\*The title of the Key Learning Outcomes published by NCAAA.

## II. Specialized Academic Standard Consistency

### 1. Key Learning Outcomes

List the NCAA Key Learning Outcomes

Code	Key Learning Outcomes (NCAA)
